

DE140501

PXIE RS232/RS422/S485 SERIAL COMMUNICATION MODULE 8CH

- New high performance serial communication
- Data rates:
 - RS-232 Mode up to 1Mbps
 - RS-422/485 Modes up to 20Mbps
- PCIe interface UART with 256-byte FIFOs
- Independent serial 8 ports
- Programmable RS-422/485 termination
- RS-232/422/485 serial ports with programmable protocol
- $\pm 30\text{kV}$ ESD and IEC61000-4-5, Level 4, 4kV 1.2/50 μs surge protection on all serial ports
- Status LEDs for system development / debugging
- 68-pin SCSI type DB68 connectivity
